Dear Mr. Farber,

I want to thank you for your continued support of our Soldiers at Fort Dix. We assist Soldiers and their Families during times of mobilization and demobilization and are very fortunate to be able to see every Soldier when they arrive. Soldiers spend some time here at Fort Dix training before they mobilize and again when they return from Iraq and Afghanistan.

We want you to know just how important the hygiene kits have been to our Soldiers. They are always happy to receive your kits and love the fact that the kits contain everything needed as well as the extras (playing cards), we can't think of anything missing. We have not taken photos to date, but will plan to do so during the next mobilization because a picture is worth a thousand words! You would think it is their Birthday when we give them out one day prior to their leaving for war. At that point they are getting ready to board a plane and the kits are just what they need for travel overseas. The kits are also very popular with our wounded Soldiers that are here for medical care. Every mobilizing Soldier, wounded Soldier and all of those in need receive your kits.

Thank you again for thinking of our Soldiers!
